I'll talk to them . . . at this point I'm not going to be worried about vetting information through incident command since that would take forever. But before I call him, I'll email with the Lake Powell number crunching.

Rusty, I think this is relatively easy to answer (especially in light of the lake Powell numbers). Do you want to handle or forward to the "JIC"?

Bill,

I would like to touch base with you on the potential effects of the spill on Lake Mead and Grand Canyon. Please give me a call when you get a chance. Numbers listed below. Thanks.
